# Mooring Whips

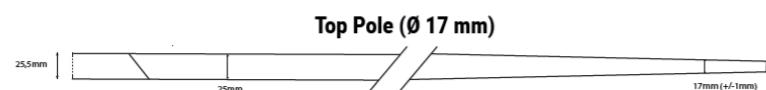

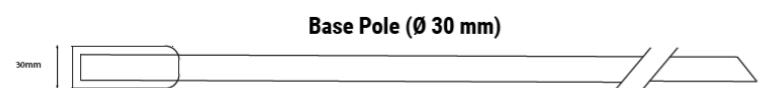

## FIBERGLASS WHIP POLE

The mooring whips set consists of two whip poles (each pole is made up of two sections for easier portability and storage), equipped with two mooring lines and spinlocks, as well as a canvas pole bag with a zipper.

Part N.	Total Length	Base Pole Length	Top Pole Length	Tender Length
YF.101	4.2 m	2.2 m	2 m	up to 6 m
YF.102	4.8 m	2.2 m	2.6 m	from 6 m to 10 m
YF.103	5.2 m	2.2 m	3 m	from 10 m to 14 m
YF.104	2.6 m (1 pz)	/	/	JETSKI and SEABOB

## Key Features

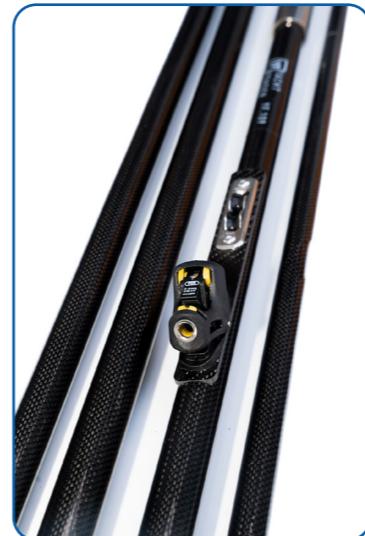

- Fiberglass tube with a white paint coating and a transparent finish
- POM-C (Acetal Resin) base sleeves to fit most mount bases, Ø 30mm
- All metal parts are stainless steel
- 10 Mt Gleistein Whip lines, with core 12-strand braid of Dyneema®
- Spinlock PXR Cam Cleat
- Spinlock and pulley attachment plate in 3K Torayca™ carbon fiber
- Proudly made in Italy, designed to ensure top performance and durability

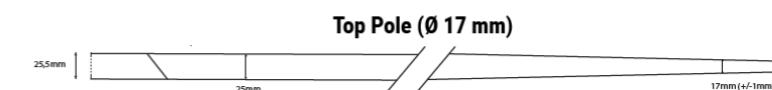

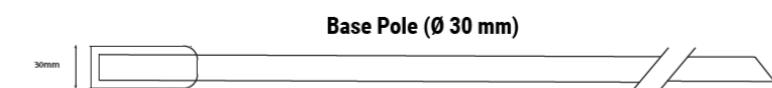

# Mooring Whips

## CARBON FIBER WHIP POLE

An alternative to classic white, the YF Carbon Mooring Whips combine a lightweight build with a sporty, high-end finish. Designed for yachts that demand a sleek, modern aesthetic

Part N.	Total Length	Base Pole Length	Top Pole Length	Tender Length
YF.110	4.8 m	2.2 m	2.6 m	from 6m to 10m
YF.112	5.2 m	2.2 m	3 m	from 10m to 16m

## Key Features

- Fiberglass tube with a plain 3K Torayca™ carbon coating and a transparent finish
- POM-C (Acetal Resin) base sleeves to fit most mount bases, Ø 30mm
- All metal parts are stainless steel
- 10 Mt Gleistein Whip lines, with core 12-strand braid of Dyneema®
- Spinlock PXR Cam Cleat
- Spinlock and pulley attachment plate in 3K Torayca™ carbon fiber
- Proudly made in Italy, designed to ensure top performance and durability

# Mooring Whips

# Mooring Whips

## Spinlock PXR cam - included with both models

- Fast precise control for hand tensioned lines
- Roller action ensures easy release under high load
- Hard anodised alloy cam and base
- Ideal for high performance lines
- Micro size for small diameters
- Three stage release control switch
- Resists accidental re-cleating

## STANDARD STAINLESS STEEL BASE SET FOR MOORING WHIPS (2 PCS)

The Standard Stainless Steel Base Set provides durable, corrosion-resistant support for mooring whips, ensuring secure and reliable boat positioning in marine environments.

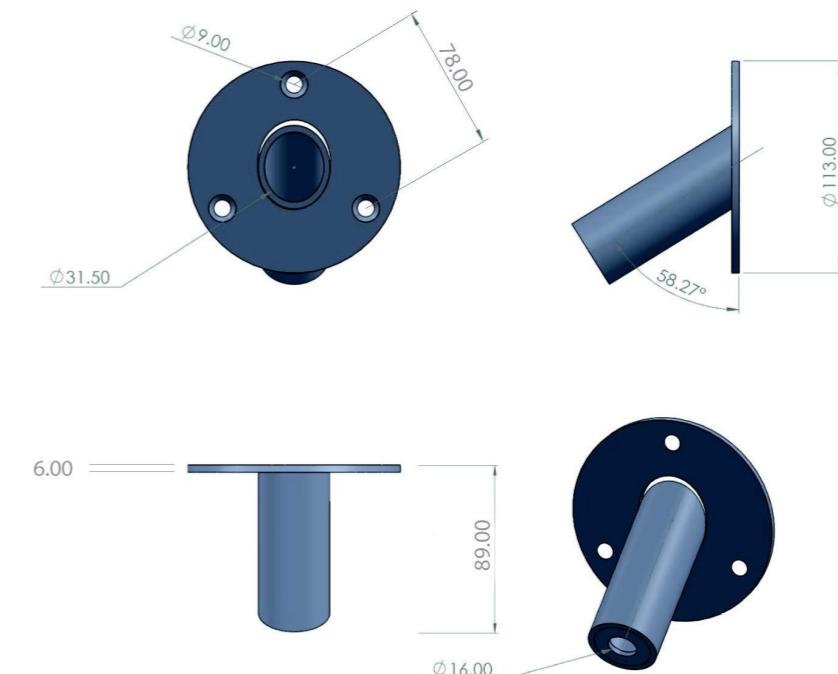

Part N.

YF.KIT100

## Key Features

- Material: Stainless steel (polished finish)
- Base diameter: Ø 113.00 mm
- Inclination angle: 58.27°
- Central hole diameter (internal): Ø 31.50 mm
- Mounting hole diameter: Ø 9.00 mm
- Insertion tube diameter: Ø 16.00 mm

# Fender Hooks

## FENDER HOOKS

Each YF hand-crafted fender hook is customized to fit the yacht's rail profile or bulwark, ensuring a perfect fit and protection against wear on stainless steel or varnished surfaces. At its core, the structure features a quality 316 stainless steel plate. Measurements for fender hooks, material selection, colors, and accessories are all handled directly on board by a specialized technician.

## WHIP SOCKET FENDER HOOK

The whip hooks are designed with a sturdy metal bracket mounted on a flexible, padded surface. This padded surface ensures comfort and stability when secured to a structure such as a saddle or other equipment. The hooks have a cylindrical chrome-plated or stainless steel tube designed to hold long items, such as whips, poles, or similar tools.

## PERFECT FIT

Pure artisanal excellence.  
Premium Italian leather and wool,  
entirely Made in Italy:  
crafting the YF fender hooks.

## WHY OUR FENDERS MAKE THE DIFFERENCE?

### Superior Resistance

Yacht Fender offers high-quality, durable fenders and accessories that ensure your yacht is protected from damage, keeping it safe and secure during mooring operations.

### Tailored Solutions

We provide a wide range of customizable options, allowing you to choose the perfect fender size, material, and cover to match your yacht's specific needs and style.

### Innovative Design

Our products are designed with the latest technology and materials, ensuring they not only perform exceptionally well but also enhance the overall aesthetic of your yacht.

# Fenders

## INFLATABLE FENDERS

Our range is designed to suit yachts of all sizes and needs. Made from durable and resilient black PVC, 1.2 mm thick, with welded and glued seams, our fenders are built to withstand any weather or working conditions, ensuring long-lasting performance and reliability. Each fender comes with two key features: stainless steel attachment rings at the top and bottom, and a unique serial number for warranty purposes.

Part N.	Thickness	D ring	Body Size	Diameter	Weight (kg)
YF1242BK	1.2 mm	1	42" - 107cm	12" - 30cm	2.35
YF1458BK	1.2 mm	1	58" - 147cm	14" - 36cm	3.2
YF1845BK	1.2 mm	1	45" - 114cm	18" - 46cm	3.8
YF1858BK	1.2 mm	1	58" - 147cm	18" - 46cm	4.8
YF2458BK	1.2 mm	1	58" - 147cm	24" - 61cm	6.7
YF0304BK	1.2 mm	3	4' - 125cm	3' - 90cm	9.8
YF0405BK	1.2 mm	4	5' - 150cm	4' - 125cm	15.3
YF0307BK	1.2 mm	3	7' - 210 cm	3' - 90cm	14

# Guard Your Yacht, Embrace the Sea.

## Chafe Guard

### CHAFE GUARD

Handcrafted with premium Italian leather and wool, fully customizable to meet every requirement, YF Chafe Guards are the ultimate solution for preventing line wear while at anchor or moored.

UV and Saltwater Resistant

Easy-Fit

Customization available

### Materials & Finishes

Available in a wide range of premium materials to match your yacht's aesthetics and techni-

- **Genuine Leather:** The classic choice for elegance and durability. Provides a soft touch and superior protection for high-end mooring setups.
- **Eco-Leather (Green Choice):** A sustainable, high-performance alternative for the environmentally conscious crew, offering the look and feel of leather with a lower environmental impact.
- **Black Cordura®:** Ultra-tough, technical fabric known for its exceptional resistance to abrasion and tearing. Perfect for heavy-duty use.
- **White & Black Wool:** Specifically designed to protect the hull's gloss. These soft covers prevent "squeaking" and scuffing on the yacht's topsides.
- **Grosgrain Reinforced Edges:** All our chafe guards feature heavy-duty grosgrain binding for structural integrity and a refined, clean finish.

CUSTOMIZATION AVAILABLE

# Acrylic Fender Covers

## double thickness

Acrylic fender covers are produced using high-quality, stain-resistant and non-abrasive loop-knit acrylic yarn, specially treated to ensure UV resistance and long-term colour stability.
